Starting off will be Motive Power Resources;

[Motive Power Resources, Inc. \(MPR\)](http://www.motivepowerresources.com) is a full line supplier of rebuilt locomotives, major components, and electrical and mechanical parts. We specialize in delivering reliable, requalified, repaired or rebuilt locomotives to our clients worldwide — for sale or lease — with or without full maintenance service agreements. They also offer rebuild and unit exchange services.

Our October golf outing was well attended and the new course was challenging. The weather was perfect along with the service and food.
