

## CRMA March 2026 Newsletter – Meeting 3-9-26

### CPKCR NIGHT 3-9-26

We are excited to announce that Mr. Bradley (Brad) Robertson -VP Mechanical will be presenting.

Brad will discuss CPKCR system overview, car fleet winter preparation and hydrogen locomotives.

Brad Robertson is Vice President Mechanical Car for CPKC. He has held this position since April 14, 2023, when Canadian Pacific (CP) and Kansas City Southern combined to create CPKC, the first and only single-line transnational railway linking Canada, the United States and Mexico.

Robertson joined the CP Mechanical team in 2014 as Director Locomotive Reliability and Maintenance and was promoted to Director Car Maintenance Planning in 2016, General Manager-Mechanical Car in 2016 and AVP Mechanical Car in 2018.

Prior to joining CP, Robertson spent over seven years with progressive responsibility in the Mechanical department at Canadian National.

Robertson holds a Bachelor of Commerce, Transportation and Logistics from the Haskayne School of Business.

He was recognized in 2020 by Railway Age magazine as a "Fast Tracker" with the 10 Under 40 awards.
